Charlie — Learning record

1 July 2026 to 30 September 2026 · 8 sessions

A dated record of your child's creative year: each session and the notes recorded on the day.

DATE	ACTIVITY	NOTES AND HIGHLIGHTS	PHOTO
3 July 2026	**Ice painting — droppers & salt** A process art activity using ice blocks, droppers, liquid colour, coarse salt (outdoor, table).	• Dropped colour onto the ice for ages and watched the salt make little tunnels. • Asked for 'more blue' and squeezed the dropper himself.	
14 July 2026	**Sponge ball painting & printing** A process art activity using sponge balls, paint, paper (indoor, table).	• Stamped in rows, then switched to rolling the ball across the page.	
28 July 2026	**Flower & leaf printing** A process art activity using fresh flowers, leaves, paint, paper (outdoor, table).	• Chose the leaves from the garden himself — wanted 'the bumpy ones'. • Pressed each one down with both hands and peeled it off slowly.	
4 August 2026	**Pompoms with tongs, cups, spoons, bottles & bubbles in a water trough** A process art activity using pompoms of different sizes, tongs, cups and spoons, bottles, bubble mix, water trough (water play, outdoor).	• Scooped and named colours for nearly twenty minutes.	
6 August 2026	**Pompoms with tongs, cups, spoons, bottles & bubbles in a water trough** A process art activity using pompoms of different sizes, tongs, cups and spoons, bottles, bubble mix, water trough (water play, outdoor).	• Set up the tray himself and sorted pompoms into colour families. • Picked tiny ones up with the tongs on his own.	
19 August 2026	**Magazine collage — pictures, scissors & glue on large brown card** A process art activity using large brown card, old magazines, child scissors, glue sticks (indoor, table).	• Snipped along the edges of pictures and glued them in a big pile in the middle.	
2 September 2026	**Sponge ball painting & printing** A process art activity using sponge balls, paint, paper (indoor, table).	• Painted alongside Ruby on one big sheet and took turns with the sponges.	
23 September 2026	**Chalk drawing on natural materials — flat wood, concrete, wooden blocks, dry chalk & concrete pathway** A process art activity using flat wood, wooden blocks (varying sizes), large coloured dry chalk, concrete pathway (outdoor).	• Drew long lines down the path and called it 'a road for the cars'. • Rubbed the chalk with his fingers to make it go soft.	

Prepared by the parent using The Process Art Academy.
