

Charlie — Learning record

1 July 2026 to 30 September 2026 · 8 sessions

A dated list of creative arts sessions and the notes recorded on each day. It may help you gather evidence when you report on your child's learning.

DATE	ACTIVITY	NOTES AND HIGHLIGHTS	PHOTO
3 July 2026	Ice painting — droppers & salt A process art activity using ice blocks, droppers, liquid colour, coarse salt (outdoor, table).	• Dropped colour onto the ice for ages and watched the salt make little tunnels. • Asked for 'more blue' and squeezed the dropper himself.	
14 July 2026	Sponge ball painting & printing A process art activity using sponge balls, paint, paper (indoor, table).	• Stamped in rows, then switched to rolling the ball across the page.	
28 July 2026	Flower & leaf printing A process art activity using fresh flowers, leaves, paint, paper (outdoor, table).	• Chose the leaves from the garden himself — wanted 'the bumpy ones'. • Pressed each one down with both hands and peeled it off slowly.	
4 August 2026	Pompoms with tongs, cups, spoons, bottles & bubbles in a water trough A process art activity using pompoms of different sizes, tongs, cups and spoons, bottles, bubble mix, water trough (water play, outdoor).	• Scooped and named colours for nearly twenty minutes.	
6 August 2026	Pompoms with tongs, cups, spoons, bottles & bubbles in a water trough A process art activity using pompoms of different sizes, tongs, cups and spoons, bottles, bubble mix, water trough (water play, outdoor).	• Set up the tray himself and sorted pompoms into colour families. • Picked tiny ones up with the tongs on his own.	
19 August 2026	Magazine collage — pictures, scissors & glue on large brown card A process art activity using large brown card, old magazines, child scissors, glue sticks (indoor, table).	• Snipped along the edges of pictures and glued them in a big pile in the middle.	
2 September 2026	Sponge ball painting & printing A process art activity using sponge balls, paint, paper (indoor, table).	• Painted alongside Ruby on one big sheet and took turns with the sponges.	
23 September 2026	Chalk drawing on natural materials — flat wood, concrete, wooden blocks, dry chalk & concrete pathway A process art activity using flat wood, wooden blocks (varying sizes), large coloured dry chalk, concrete pathway (outdoor).	• Drew long lines down the path and called it 'a road for the cars'. • Rubbed the chalk with his fingers to make it go soft.	

Prepared by the parent using The Process Art Academy.
